Why do you need UV protection?

PREVENTION OF MOLD, SPORES, VIRUS, YEAST, BACTERIA, & PROTOZOA

AQUVAIR, INC has the right unit for your needs.

Your global source for innovative technology in high-performance ultraviolet systems for water and air purification.

- Silent (no noise from fans or motors)
- Constant 24/7/365 Protection
- Innovations in Water and Air Purity
- Residential, Commercial & Industrial Applications
- No Replacement Filters
- No Controls to Adjust
- No Collection Chambers for Disposal
- Easy Installation
- Full 1 Year Warranty

"With an ultraviolet disinfecting unit thrown in, anthrax spores and small pox-causing viruses would be killed or removed."

Providing services for Hotels, Prisons', U.S. Military, Federal Government
